BROUGHTON PLANT HIRE & SALES LTD

Hire Specialists to the Mechanical, Electrical,
HVAC and Fire Protection Trades

A PARTNER YOU CAN TRUST TO DELIVER

KEY ICONS

We have supplied hire equipment to multiple trades in the commercial fit out sector for several years. Whether it be press fitting, pipe fitting, fusion, access equipment, we have a wide range of equipment to fulfil this. We have catered for all types of sites including Offices, Data Centres and Retail Units.

Electrical Contractors

At Broughton Plant Hire & Sales Ltd, we have over 10 years' experience hiring tools out to the trade. Ranging from Specialist Cable Crimping & Cutting Tools, Conduit Threaders & Benders to a wide range of Access Equipment, whatever your need, we are here to satisfy your demands.

Fire Protection

As a company, having supported this trade and its growth for several years, we are the leading supplier of hire equipment. Our range of expert Pipework Tooling specifically designed for the sprinkler trades including Bespoke Toolbox Kits, Pipe Grooving, Cutting Machines and Threading Equipment. Install, Test & Maintain complex Fire Protection and Sprinkler Systems.

Heating, Ventilation & Air Conditioning

Whether it be Materials, Handling Equipment, Ductwork Testing, Access Equipment, Site Storage and Security. We have a modern fleet to excel your standards, and to assist you with being efficient & productive, yet remaining compliant.

Mechanical & Plumbing

Our extended range of Press Fitting and Pipe Working Tools combined with our vast experience and knowledge makes us one of the market leaders within this sector. Within our fleet, we stock & supply tools or worldwide leading brands such as Geberit, Viega, Novopress, Rems, Victaulic and many more:

- Threading
- Cutting
- Grooving
- Freezing
- Bending
- Welding
- Pressure Testing

Utilities & Fabricators

We Supply MDPE Expert Fusion Machines, Generators and Plastic Pipe Cutting & Scraping Tools for the Utilities sector. In Addition, we also supply tooling for the Pre-Fabrication and Modular Industry and Facilities:

- Electrofusion Equipment fitted with Barcode Readers & Data Download Facilities.
- Butt Fusion Equipment.
- Scrapers and Squeeze Off Tools
- Auxiliary Products such as Stands, Pipe Supports, Work Benches and Cutters.

OFFICIAL SERVICE CENTRE AND DISTRIBUTOR FOR:

TRAINING WE CAN ARRANGE ALL YOUR TRAINING REQUIREMENTS.

ABOUT US

Broughton Plant Hire & Sales Limited specialises in the hire of tools and equipment to the mechanical, electrical, HVAC and fire protection trades. The company was formed in 1984 and continues to thrive under the core family values and beliefs of service excellence and industry expertise that it was founded upon years ago by Michael Broughton. We are the largest independent specialist hire company in the UK supplying the M&E industry and have enjoyed continued growth by combining effective sustainable workshop practices with strong continued investment. Now employing a workforce exceeding 110 employees we offer nationwide coverage from our depot locations in London, West Midlands, South West, North East and North West with our Head office and London depot ideally positioned to quickly and efficiently serve the whole of central London as well as the home counties. We are committed to investing in local communities by

promoting regional outsourcing, purchasing, and training both inhouse and externally to all members of our staff.

Our fleet of vehicles ranging from our 3.5-ton sprinters to 26-ton heavy goods vehicles are continuously renewed and invested in and are CLOCS and FORS accredited and fully compliant with the New London Ultra Low emissions Zone. Our experienced driving force receives regular training and engage in competitive good driver schemes to ensure we provide a prompt and efficient delivery and collection service.

Now established for over 30 years, Broughton Plant Hire & Sales LTD has a wealth of experience and expertise throughout our business from our engineers and depot staff through to our hire desk and management team. This combined with our commitment to ensure that our customers receive the best service possible and a constant investment in our equipment and hire fleet has allowed us to build

a reputation in our industry of supplying our customers with the highest quality tools and equipment. With our extensive hire fleet, we are the leading provider of press fitting tools for all the major press fitting system manufacturers such as Geberit, Pegler Yorkshire, Sanha, Viega and Brymec. We are specialists in all pipe working tools for threading, roll grooving, welding, cutting and freezing and can also offer a comprehensive range of cable cutting and crimping machinery. We have a large fleet of powered access equipment up to 9.9 metres from electric scissor lifts to genie runabouts and have a wide range of low-level access machines up to 6 metres including Peco's, Eco's, navigator 6.0, Power Tower's and Nano's. We can offer a range of accessories for these units such as confined space guardrails, tool tethering, pipe racks and enlarged tool trays and our dedicated engineers are fully equipped to carry out on-site servicing and repairs should the need ever arise.

CARBON NEUTRAL

Broughton Plant Hire and Sales Ltd working in partnership with global sustainability team ClimatePartner are proud to be a certified carbon neutral company. We believe this is a huge step in our sustainability journey that our company carbon footprint has been calculated and our total organisational emissions have been off set against carbon off setting projects. ClimatePartner are a certified company with over 15 years expertise working globally with some of the biggest organisations and business's such as the NHS, Vodafone and Aldi. They drive change through their climate projects which are based on international standards, such as the Verified Carbon Standard (VCS), and the Gold Standard, and regularly audited by independent third parties. The standards set out the rules and requirements that all climate projects must meet in order to be recognised as a proven method of avoiding, reducing, or removing carbon emissions from the atmosphere.

For more information on this please visit our website or scan the QR code above.

SUSTAINABILITY

The very nature of tool hire is that it operates a model that is founded on sustainability. Products are re-used over and over through a cycling of hiring, returning, servicing or repurposing and re-hiring. Here at Broughton Plant Hire and Sales our mission is to provide safe, reliable hire equipment and services to enable the successful delivery of our customers projects. This requires an ongoing commitment to the principles of responsible, sustainable growth working with our suppliers, customers and manufacturers to reduce our impact on the environment and increase our positive impact in the community. This has required us to change and focus on the way we purchase, use and dispose of the products and services we own and consume. Our belief is that sustainability should be viewed as the driving force for cost reduction and efficiency, meeting both commercial as well as environmental goals.

Below are some of our products that we offer that are environmentally friendly and form part of our Green Fleet of products.
