Hilti DC-SE 20 Wall Chaser

The Hilti DC-SE 20 Wall Chaser is a purpose-built cutting system designed for fast and efficient slitting in a range of common construction materials. Using 125 mm slitting discs, it can create grooves up to 40 mm deep and 46 mm wide, making it suitable for in-wall installation of pipes and tubes. Its robust design provides durability for demanding work, while the ergonomic handle helps provide a secure and comfortable grip. When used with a compatible Hilti vacuum cleaner, it also offers virtually dust-free operation.

SPECIFICATIONS

- Disc diameter: 125 mm
- Weight: 6.9 kg
- No-load RPM: Gear 1: 7,500 rpm
- Arbor size: 22.2 mm
- A-weighted emission sound pressure level: 104 dB(A)
- Triaxial vibration value for cutting concrete slab (ah): 5.8 m/s^2
- Rated input power: 1,950 W

FEATURES

- Dedicated slitting system – purpose-built wall chaser for fast slitting and high productivity
- Achieve slitting depths up to 40 mm and groove widths up to 46 mm with 125 mm slitting discs
- Robust design and motor for long lifetime
- Ergonomic handle design – for a more secure, comfortable grip when working in any position
- Virtually dust-free when used with a compatible Hilti vacuum cleaner
