Novopress ACO401

The Novopress ACO401 press tool offers sufficient power for large pipe dimensions such as sprinklers, fire extinguishers or special industrial plant. The rotatable head with the fixed intermediate jaw allows the device to be attached to hard-to-reach pressing points.

SPECIFICATIONS

- Device: ACO401
- Rated Voltage: 18 V DC
- Rated Load: 100 kN
- Height: 280 mm
- Length: 660 mm
- Width: 105 mm
- Net Weight: 13.0 kg (without battery)
- Max. Noise Level: 91 dB(A)
- Noise Pressure Level at User's Ear: 80 dB(A)
- Vibration Value: <2.5 m/s^2
- Type of Protection: IP20
- Operating Temperature Range: -10°C to +50°C

FEATURES

- Automatic press cycle ensures the pressing operation is completed consistently
- 180° rotating press head allows flexible positioning before pressing
- Emergency release button allows the pressing operation to be stopped at any time
- Automatic motor shut-off when the pressing operation is complete
- LED status indicator provides clear operating and battery status information
- 18 V rechargeable battery system for cordless operation
