Hilti AG 125-A22 Cordless Angle Grinder

This cordless angle grinder features a brushless motor for extended tool life, improved battery performance and a lightweight, ergonomic design. With built-in safety features, it is ideal for cutting, grinding, deburring and polishing metal, as well as working with mineral materials.

SPECIFICATIONS

- Rated voltage: 21.6 V
- Disc diameter: 125 mm
- Max. cutting depth: 34 mm
- No load RPM: gear 1: 9500 rpm
- Trigger type: Deadman switch
- A-weighted emission sound pressure level: 83 dB (A) according to EN 60745
- Triaxial vibration value for angle grinding (ah,AG): 3.8 m/s^2 according to EN 60745-2-3
- Disclaimer: Use the specified guard for the type of disc selected
- Weight according to EPTA Procedure 01/2003: 2.7 kg

FEATURES

- Ergonomic design and safety features (disc brake, Active Torque Control and dead man's switch)
- 30-40% higher performance and battery capacity
- Improved balance and low weight make the tool less tiring and more flexible and versatile to use
- Brushless motor for three times longer lifetime (no commutator damage and no carbon brushes to change)
- Abrasive cutting discs optimised for use with this tool
