Extension Lead 32amp 14m

The 32 Amp Extension Lead is a heavy-duty 110V lead designed to provide reliable power over longer distances on construction sites and other work environments. With a 14 metre cable, 32 Amp plug and coupler, it allows equipment to be connected where a standard power supply may not be within easy reach.

SPECIFICATIONS

- Current: 32 A
- Voltage: 110 V
- Cable Length: 14 m
- IP Rating: IP44
- Certifications: CE, RoHS, UKCA
- GTIN: 5023003002562

FEATURES

- 32 Amp Coupler
- 32 Amp Plug
- Made of PVC and copper for the cable, and nylon for casing, ensuring durability and strength.
