Nylon Machine Skates

A heavy-duty skate set designed for moving loads up to 8 tonnes. It includes a 4-tonne steering skate with a turntable and handle for easy steering, plus two 2-tonne trailing skates. Polyurethane wheels provide durability while helping to protect flooring.

SPECIFICATIONS

- Steering Skate Length: 240 mm
- Steering Skate Width: 210 mm
- Trailing Skate Length: 170 mm
- Trailing Skate Width: 130 mm
- Height (All Skates): 110 mm

FEATURES

- Polyurethane wheels to prevent damage to flooring
- Steering skates with ‘easy spin’ ball-bearing turntables
- Solid, heavy-duty construction
- Replaceable spare parts
- Easy to steer
