Squeeze Off Tool (20-63mm)

The Squeeze Off Tool Manual 20–63mm is designed for manually squeezing off pipework between 20 and 63mm in diameter. Its rotating buffer stop plates help prevent over-squeezing and potential pipe damage, while the screw-operated design provides controlled compression.

SPECIFICATIONS

- Material: Mild Steel EN3A
- Finish: Chrome Plated Tube / Powder Coating / Zinc Plated Steel
- Dimensions (H × W × D): 300 × 300 × 60 mm
- Weight: 4.8 kg
- Min. Pipe Diameter: 20 mm
- Max. Pipe Diameter: 63 mm
- SDR: 11, 17, 17.6, 26
- Product Code: 02-31-202

FEATURES

- Non-Hydraulic Operation
- Adjustable Limit Stop Plates
- Pipe Diameter & SDR Settings
- Manual Screw Operation
- Prevents Over-Compression
