UPONOR UP110 Press Tool

The Klauke Uponor S-Press UP110 Press Tool is designed for fast and efficient pressing of metal and composite press fittings up to 110mm. Its quick pressing cycle and fast charging help reduce downtime and keep installation work moving.

SPECIFICATIONS

- Model: Uponor UP110
- Pressing capacity: Up to 110mm
- Crimping force: Approx. 32kN linear thrust
- Battery: Makita 3.0Ah Li-Ion
- Charging time: 22 minutes
- Weight including battery: 3.5kg (without jaw)
- Dimensions: 366 × 81 × 317mm
- Pressing jaw holder: Approx. 350° rotation
- Compatible press systems: Uponor MLP / RMT

FEATURES

- Suitable for pressing metal and composite press fittings up to 110mm
- Quick pressing cycle for efficient operation
- Rotatable pressing jaw holder for improved access in confined spaces
- Reliable battery-powered operation
- Compatible with Uponor MLP and RMT press systems
- Compact and lightweight design for easier handling on site
